

How to spend your time

Krasno offers numerous opportunities for those seeking an active outdoor vacation. In summer, indulge in long walks, hikes, or biking adventures, while winter welcomes sledging rides or skiing.

Apart from being a gateway to the Northern Velebit National Park, within a half-hour drive, you can access the Adriatic coast or the inland region of Lika. When visiting the coast, ensure you explore Senj and its famed fortress, Nehaj, along with the stunning Zavrtnica Bay—a protected landscape near Jablanac. Dive into the waters of picturesque fishing towns like Sveti Juraj, Klada, Lukovo, or Starigrad. If you venture inland, discover Otočac and the beautiful Gacka Valley, along with villages like Sinac, Prozor, and Ličko Lešće. Additionally, Kosinj in the river Lika valley and Kuterevo, home to a bear cub sanctuary, are worth exploring. The nearby islands of Rab and Pag, as well as the renowned Plitvice Lakes National Park, are also easily accessible from Krasno.

Vodič za posjetitelje • Tourist guide

Lokacija

U Parku prirode Velebit, na oko 800 metara nadmorske visine i na razmeđu primorskog i kontinentalnog dijela Hrvatske, nalazi se Krasno - jedno od naših najvećih planinskih naselja. Čini ga četrnaest zaselaka na rubovima slikovitog polja smještenog između velebitskih obronaka. Mjesto broji oko 500 stanovnika.

Znamenitosti

Krasno je nadaleko poznato po Svetišu Majke Božje od Krasna iz 17. stoljeća. U Krasnu se nalazi Kuća Velebita, posjetiteljski centar Nacionalnog parka Sjeverni Velebit. Šumarstvo je tradicionalna gospodarska grana ovoga kraja. Najstarija šumarija u Hrvatskoj, osnovana još 1765. godine, također se nalazi u Krasnu, a povodom 240. obljetnice njezina osnutka otvoren je i Interpretacijski centar Krasno. U Krasnu rade i dvije pilane, a stanovništvo se bavi i poljoprivredom, ugostiteljstvom i trgovinom. U selu se proizvode poznati krasnarski sir i velebitska travarica.

Kako provesti vrijeme

Krasno nudi velike mogućnosti za sve koji vole aktivni odmor u prirodi. Ljeti možete uživati u dugim šetnjama, planinarenju ili vožnji biciklom, dok se zimi možete sanjkati.

Osim što je polazišna točka za posjet Nacionalnom parku Sjeverni Velebit, Krasno ima idealan zemljopisni smještaj. Za otprilike pola sata automobilom možete doći do jadranske obale ili u unutrašnjost Like. Uputite li se na obalu svakako treba razgledati znameniti Senj s poznatom tvrđavom Nehaj i zaštićeni krajobraz - uvalu Zavrtnica. Okupati se možete u nekom od slikovitih podvelebitskih ribarskih mjesta - Svetom Jurju, Kladi, Lukovu, Starigradu... Krenete li prema unutrašnjosti, tu je Otočac s prekrasnom Gackom dolinom i selima Sinac, Prozor, Ličko Lešće... Vrijedi obići i Kosinj u dolini rijeke Like te Kuterevo s Utočištem za mlade medvjede. Od Krasna nisu daleko ni otoci Rab i Pag ili Nacionalni park Plitvička jezera.

Position

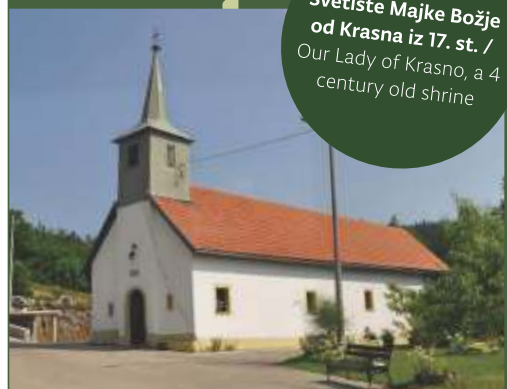

Krasno, one of the largest mountain villages in Croatia, is conveniently located on the boundary between coastal and continental Croatia. Situated at 800 meters above sea level in Velebit Nature Park, Krasno comprises 14 hamlets situated on the edges of a picturesque valley surrounded by Velebit hillsides. The village has a population of around 500 people.

Notable sights

Our well-known nearby shrine of Our Lady of Krasno dates back all the way to the 17th century. The Velebit House, a visitor and information center, is worth a trip for anybody visiting the Northern Velebit National Park. Just nearby, you'll find the oldest forestry office in Croatia, founded in 1765, and the Interpretation Centre Krasno. This museum was opened as part of the celebration of Forestry's 240th anniversary. Apart from the forest industry, people in Krasno are also engaged in farming, the tourism industry, and traditional production. The famous Krasno cheese and Velebit rakija, a strong herbal liquor, are produced in the village.
